*** Unclear information in the budget supplement.** The President's [skinny budget](#) (page 26) and [supplement](#) (pages 471-472) both state that funding for CoC and HOPWA will be zeroed out, and ESG funding will be significantly increased to accommodate the new block grant program. The supplement says, "The Budget [the supplement] does not provide funding for the Continuum of Care (CoC) program, Permanent Supportive Housing (PSH) program, Youth Homelessness Demonstration Program (YHDP), or the National Homeless Data Analysis Project (NHDAP)." However, the table of program funding levels in the supplement does specify \$3.592 billion for CoC with \$205 million for YHDP (page 471), as well as \$211 million for HOPWA.
